Bartosz Szućko

Junior Front-End Developer

Profile

I am a self-taught developer. I learned to program from online courses, I put my theoretical knowledge into practice by creating my portfolio website with a few additional projects. I am currently looking for work experience that will help me to develop further as a Front-End Developer. I am an independent person with a passion for learning, in my spare time I improve my own projects and expand my programming knowledge.
